Dear.....,

I have not met you for a long time (~~It has been a long time that I have not meet you since we finally met at your house~~)— (phần gạch muốn viết thì viết không thì có thể bỏ), how are you? How about your parents? Are they still fine? I really miss you my dear lovely friend.

I have been living in TDM for a week and I really want to write this letter to you to tell you about my **DAILY ACTIVITIES** hear.

Can you believe it? I love it here. I am so happy when I decided to attend Thu Dau Mot University.

Life is different here. I live in a small apartment with two of my friends. I choose a place near my university because it will be easy to access to school. Each day, I get up around 6:45 A.M and walk to school. (~~On the way, I buy breakfast at a convenient store. Almost what I eat is fast food. I know it is not good for my health but I can save time.~~)

I have classes all week except Saturday and Sunday. My classes start at 7:00 A.M and finish at 11:00 P.M . (~~My classmates come from many parts of the country and some students come from Lao and Cambodia.~~)

In the afternoon, after I finish my classes, I study at my apartment or take a walk around my school. I sometimes cook lunch. After having lunch I continue going to school. I study from 12:30 to 4 P.M.

In the evening, I usually read books, listen to music, and do my homework. I sometimes hang out with some of my friends.

Living in my own is great. I like everything in Binh Duong. I am good and I am extremely happy. I hope you always stay healthy.

I am looking forward to hearing from you. See you soon.

Love,

Dear,

I have not met you for a long time (It has been a long time that I have not meet you since we finally met at your house), how are you? How about your parents? Are they still fine? I really miss you my dear lovely friend.

I am so excited to hear that you're coming to my city to live/ you're going to my city to live, here's some information that I think you will find useful.

For accommodations, I can make sure that my city is the best place to live in Vietnam. I found a flat near my house. It is very nice and clean. I asked the landlord, he said that you can move in right away when you arrive.

About where to go shopping or if you want to buy cooking ingredients you can go to the A market or B supper market. It is about 200 meters from your flat. Food is also very cheap and fresh.

Furthermore, you flat is very convenient because it is only 5 meters to the bus stations. From the bus stations you can go anywhere in BD. It will take you ... minutes to

If you have any questions, do not hesitate to write to me. Let me know exactly when you will arrive/ come so I can pick you up and guide you to your place. We have so much to catch up on.

I am looking forward to hearing from you. See you soon.

I earned my high school degree from High School last year.
(.....High School provides its students with a variety of international education opportunities including intensive English courses and English classes instructed by native speakers.) However, I think I want to widen my knowledge and I am applying to your language school today for several reasons.

First, your extension program will provide me with the opportunity to apply and be admitted to an university. Second, your program has a very good reputation for its academic English classes. I would like to attend your EPT class to improve my EPT score. Lastly, your classes are small enough to encourage group discussion and provide students with more one-on-one interaction with the English instructor.

I strongly believe the Language Program is the ideal place for me to achieve my academic goals.
